ABOUT DIDIER

Didier was born and raised in Cameroon, and moved to Japan five and a half years ago to further his education and career.

Multi-lingual, he speaks English, French and some Japanese. He's done background work for several productions including shows with Amazon Prime.

He enjoys being on set, creating content, making animation videos, and modelling. Didier looks forward to working on more projects that will allow him to explore his horizons in modelling, acting and movie production.
